CYBER DECK 9

The latest in
cyberdeck design,
the series 9 decks
are the best a
hacker can get.

Don't be a lamer.
Get a Series 9
deck today.

Better resolution • better implant support •
802.11ZX networking @ 4.6Tbps • Chesterfield
expansion slot • on-deck encryption • 2Tbit on-deck
storage • **NEW:** Cheshire defense mechanisms •
Dreamspace integration • Now compatible with
Mitsutoya Goodie controllers! • Grid 4 support for
military simulation and training

The Ono-Sendai Cyberspace Deck system, like any simulacra system should not be used by those who have been diagnosed with any form of identity dissociative disorder. Simulacra systems should not be used while under the influence of drugs, alcohol or while in any medically induced coma. **DO NOT SLEEP WHILE IN CYBERSPACE.** Ono-Sendai takes no responsibility for misuse of Cyberspace. Children under the age of 16 are banned from the Intra-cyberdeck network by International cybernetic law.
